Presenting the
National Safety Council
Defensive Driving Course
for the

Professional Truck Driver

NEW Driver's Notebook
includes CDL information

Designed for professionals in the transportation, education and safety fields, DDC-PTD is based on traffic safety ideas from the American Trucking Industry. The main goal of this 6-hour, instructor-certified program is to provide the professional driver with driving strategies and techniques which help in preventing collisions. The new **Driver's Notebook** incorporates and highlights information for the CDL licensed driver.

Contact your local safety council or the **National Safety Council** for more information.

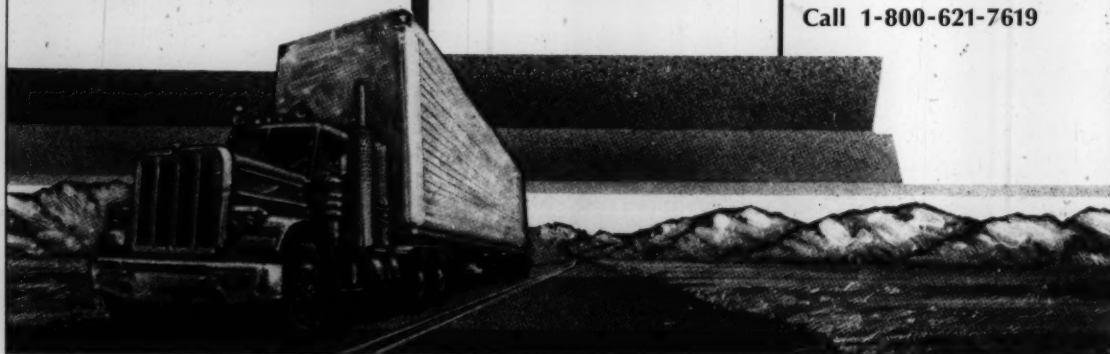

Topics Addressed:

- The practice of Defensive Driving
- How to Avoid Collisions with:
 - Vehicles Ahead and Behind
 - Oncoming Vehicles
 - At Intersections
- With a Fixed Object
- Passing and Being passed
- Backing Large Vehicles
- Transporting Hazardous Materials
- Much, Much More!

The symbol of a Safe Worker

The Safe Worker Award Pin

The National Safety Council's Safe Worker Award Program recognizes employees who have performed their job a full year without a lost workday due to occupational injury. The lapel pin is the distinctive mark of safe job performance. By giving this pin annually, you can show your employees that you appreciate their accomplishment. The award also reinforces employee commitment to similar safety achievement in the future.

In addition to the pin, the Council also has a variety of other recognition items that can be used to honor Safe Workers, including:

- Mugs
- Award Plaques
- Brass Key Tags
- Decals
- Watches

To find out how you can reward your Safe Workers, call Jean Adams at 1-800-621-7615, Ext. 2346.
